

iGrafx® announces broadened relationship with leading manufacturer of electrical and mechanical motion control products, Regal Beloit

Tualatin, OR. — April 10, 2012 — iGrafx®, a leading provider of Business Process Management (BPM) solutions, announced today an expanded relationship with Regal Beloit Corporation. With this agreement, iGrafx solutions will further enable business process improvement initiatives and business process management capabilities throughout Regal Beloit.

Regal Beloit products are an essential component in much of the equipment found throughout the world – from electric motors and generators to electronics switchgear, Regal Beloit provides a diverse product offering for applications including residential, general industrial oil and gas production and high technology.

“We are excited about the capabilities this software will bring to our process improvement efforts,” commented Vivek Bhargava, Vice President of Critical Business Processes.

With this new partnership, Regal Beloit will leverage the iGrafx product suite enabling process improvement and standardization throughout the organization. Greater support for their global CI initiatives and better management of their processes will be realized as they continue to grow organically and through their acquisition program.

“iGrafx has a long history of providing best-in-class business process analysis software,” commented Mike Morris, Regional Director at iGrafx. “The iGrafx solution enables improvement and transformation efforts to be strategically focused, in support of the goals of an organization. iGrafx is excited about expanding its relationship with Regal Beloit by implementing both strategic and tactical components of its integrated BPM software suite.”

About Regal-Beloit

Regal Beloit Corporation is a leading manufacturer of electric motors, mechanical and electrical motion controls and power generation products serving markets throughout the world. Regal Beloit is headquartered in Beloit, Wisconsin, and has manufacturing, sales, and service facilities throughout the United States, Canada, Mexico, Europe and Asia. Regal Beloit’s common stock is a component of the S&P Mid Cap 400 Index and the Russell 2000 Index.
